

# Pre-K Sight Words

DIRECTIONS: Print the following pages on your home computer, preferably on card stock. Laminate for durability if desired. Trim down following the grey trim lines. Sit facing your child and work with your child until the words are memorized. Sight words are words short enough and easy enough for your child to memorize on sight without having to sound out. You find more FREE printables on my blog at [www.mybeautifulmess.net](http://www.mybeautifulmess.net)

Thank You

Thank you for downloading my Free Pre-K Sight Word Flash cards. You may make as many copies as you need for personal use. However, you may not sell, host, redistribute, alter, or amend, without expressed written consent by My Beautiful Mess. You may, however, link to the original blog post so that others can download from the original source.
